

In control of your Recruitment

Connect the perfect people to your company

As an HR specialist, it is a challenging task to find suitable people. In this time of job market scarcity, it's difficult to search for qualified personnel, and candidates are being snatched away right in front of you.

We understand the workload that comes with recruiting new personnel. To help alleviate this workload, we are introducing Nmbrs Hire: An intuitive solution for your recruitment process.

Bring order to the recruitment chaos with Application Tracking Software that focuses at user-friendliness.

Recruitment has been developed to maintain control and overview of your job vacancies. Furthermore, you can easily post vacancies on job boards and places where the initial contact is made with the right candidate. Continue reading and we learn you more about the functionalities and possibilities of Recruitment.

Your benefits

1

Intuitive job board

Maintain a clear overview of each candidate's progress, and easily update the status.

2

Automatic screening

Our Recruitment module thinks along with you and automatically screens candidates based on requirements.

3

Collaboration with your team

Recruitment is a team effort, which is why you give those involved easy access to current vacancies.

4

Advertise on multiple job boards

Ensure your vacancy reaches the right candidate. You post directly from Recruitment, without having to log in separately to each channel.

5

Link your calendar

Let candidates choose a suitable time in your calendar for a job interview themselves. Plan with your eyes closed!

6

Your own job vacancy website

You don't have to be a developer to have great job openings. Make an instant professional impression with a website where all your vacancies come to life.

7

Save candidates for later

Found the perfect candidate, but currently no suitable vacancy? Save candidates in a 'Talent Pool'.

Fair and competitively priced.

You can easily purchase recruitment services in the Nmbrs Payroll Marketplace. This subscription is flexible and can therefore be cancelled monthly. You pay per open vacancy.
